

Food Service Meals for Hybrid AB Yellow Model

All students will eat at no charge through December 31, 2020.

Each school manager is to meet with their building administration to go over the final plans for breakfast, lunch and meals to go on Tuesday and Friday's.

No student will use a PIN pad to enter a number. The student will verbally say their name and/or lunch PIN number to the cashier. Some schools are using a scanner but each process is different at each school.

Tuesday – A Students may take home 3 days of meals at the end of the day

Wednesday – 100% Virtual Students can pick up between 10 am and 2 pm at any school in the district and will use the online ordering system posted on the district web site or they may call each cafeteria to place their pick up order.

Food Service will make arrangements with families who cannot pickup on Wednesday's on a case by case basis at each school.

Friday – B Students may take home 3 days of meals

When the AB Hybrid Model is in use, we will not have Wednesday evening meal pick up.

Thank You for helping us to provide meals to our students both at school and for their remote learning.
