

## **Summer Reading Assignment: AP Language and Composition**

**Assignment:** Read and take notes (index cards) on one full length nonfiction book of the appropriate reading level (200+ pages). This must not be a book that you have read as part of a school assignment. Bring your note cards during the first week of school.

Consider taking note of the following elements:

- Major characters
- Repeated motifs
- Memorable lines
- Examples of the author's use of language (what typifies the author's style?)
- Possible universal themes for the book (with support)
- Connections to current news stories
- Your opinions and impressions as you read.

\*Bullet points are fine

\*10-20 notecards is sufficient

There are plenty of resources for recommended reading lists on the Internet. Search for 'AP Language and Composition Recommended Reading List' and explore the options. (Be sure your book is nonfiction!)
