

## English IV / English IV Honors Recommended Summer Reading

**English IV and IV Honors** students are recommended to read a full length fiction or nonfiction book of the appropriate reading level. This must **not** be a book that you have read as part of a school assignment in previous years. Students will participate in class activities when they return to school focusing on their chosen book. **Students should log their book through the Cooper Website's Summer Reading Google Form** <https://tinyurl.com/RCHSSummerReading> .

This year we are also partnering with the Boone County Public Library to help you keep track of your reading as well as earn prizes! Starting June 1st you can visit any Boone County Public Library branch to log your reading or even log your information online. Information can be found at [www.bcpl.org](http://www.bcpl.org) or by visiting their summer brochure here: <https://www.bcpl.org/docs/summer-reading-2018.pdf> (the youth program information is on page 2).

### **Not sure what your appropriate reading level is?**

Lexile.com helps match your reading level to novels based on information you put into its search engine. You can access it here: <https://fab.lexile.com/>

### **Can't decide on a book?**

Use Google! Search for "books like \_\_\_\_\_" and insert a novel that your class read this past school year or a book you've read that you enjoyed.
