

OMS Summer Reading Signup

Most students should have received a letter from OMS with their Scholastic Summer Reading Challenge username and password. You will use this login information to access your summer reading logs, as well as participate in activities to win prizes over the summer from Scholastic!

If you are new to our district and did not get an assigned username and password yet, or if you have lost your username and password, you will need to register your own account: <http://www.scholastic.com/ups/campaigns/src-2016>

1. Click on the “Kids” registration at the bottom of the page:

2. Click on the “New User” registration on the right side of the page:

3. You will now be given an anonymous screen name, but you get to pick it! Choose a category like “Activities” and then choose one of the options from that list. Then choose a second category like “Animals” and an option from that list. This will be your username:

Step:1 Create your Screen Name. Choose two categories and pick a word for each.

ACTIVITIES	▼	ANIMALS	▼	(AUTOMATIC)
BASEBALL	▼	BEAR	▼	990

Your Screen Name is below. Don't like it? Do over!

BASEBALLBEAR990

Continue

4. Now, you will need to create a password for your account. You can use your lunch code twice if that is what you are used to using! You also need to create a security question in case you forget your password. This will help in resetting your password if you ever forget.
5. Next, you need to tell Scholastic where you are. Choose United States in the country drop-down and then Kentucky in the list of states.

Step:3 Additional Information

This information will not be connected to your account or stored with your username and password. We also won't show it in your profile or to others. We ask these questions so we can get the big picture of who's visiting our site overall, and we won't use your answers to advertise or promote anything to you specifically.

United States	▼

6. Now, **BE SURE TO TIE YOUR MINUTES TO OUR SCHOOL!**

Do you want to tie your minutes to your school?

If you'd like to log your reading minutes on behalf of your school and help your school reach its reading minutes goal, we will ask your parent to give us approval and the name of your school. Then the minutes you log will be associated with your school. However, you don't have to tie your minutes to your school in order to participate in the Scholastic Summer Reading Challenge Campaign.

Do you want us to ask your parent for school information?

YES **NO**

[Summer Reading Challenge Privacy Policy](#)

7. You will need to enter your parent's email, so that they can confirm your school and approve you to be on Scholastic's program this summer:

Get Permission

Please enter your parent's email address so we can get your school information, and your parent's permission.

Your parent's email address

Confirm your parent's email address

[Summer Reading Challenge Privacy Policy](#) **SUBMIT**

8. You should get a confirmation that you are all set!

Thank you! Check back soon to see if your parent has provided your school information. You can begin logging your reading minutes on the website now, but they won't count towards your school unless your parent approves and provides us with your school information.

Print this page or write down your screen name and password so you have them the next time you sign in.

Screen Name: [REDACTED]

Password: [REDACTED]

Print **Continue**

9. Your parent will need to log into their email and follow the link to confirm your account.

10. If you are using a school-assigned username and password, Mrs. Bazsika can run a report in the fall to show your teacher your reading logs and activities for the summer, but if you register on your own, you will need to print out your final log to bring to your teacher when school starts. To do this, scroll down on the home page and find the "Log My Minutes" button. Just below that you should see a place to create a printout:

 [Print Logged Minutes](#)

Log the minutes you read this week here.
You can only log minutes once a day.
