

Assignment of Students to Classes and Programs within the School

KRS160.345(2)(i)3

Students Assignment (defined) – Student assignment shall be defined as appropriate placement of individual students based on what is in the best interest of each student.

Responsibility – The principal shall be responsible for developing a plan for the assignment of students to classes and programs within the school.

Assistance – The staff's input shall be sought to develop the most appropriate placement for each student.

Requirements – Student assignment shall meet all state and local Board of Education requirements. The principal (or designee) will assign students to classes and programs in a manner that will assure service offerings for students identified as gifted and talented in music, dance, drama, and/or visual arts.
