

## Determination of the Use of School Space

---

*KRS160.345(2)(i)5*

**School Space (defined)** – School space shall include all buildings and grounds occupied by the school and shall include use of buildings and grounds during and after the school day.

**Responsibility** – The principal shall annually develop a plan for the determination of use of school space.

**Assistance** – The staff's input shall be sought as to the most appropriate use of school space.

**Criteria** – The criteria to be followed shall reflect what the most appropriate use to enhance student achievement is.
