**BUS INCIDENT PROCEDURES**

In the event of a bus incident, every effort is made to provide the best care for all students/passengers. A transportation staff member and a police officer do respond to each incident. A report is made for each incident and personal information is collected from every student/passenger at the scene. All individuals will be questioned and evaluated for injuries. The students/passengers are encouraged to communicate any problems they are experiencing to the officials at the scene. No student will be released to a parent/guardian until the police and transportation scene investigation is complete. Proper picture identification is required. After the initial event, incident investigation procedures are followed. School administration will notify parents of the event as soon as possible.

**SCHOOL CLOSINGS AND  
DELAYS PROCEDURES**

The decision to close or delay school is made with the best interest of the health and safety of students in mind. All schools within the district and schools transported to outside the district are included in this decision.

In the case of closings or delays, consult local radio or news stations for the latest daily information. The information will usually not be available before 6AM. The Superintendent has the final decision in school closures and delays. For information regarding athletic events and individual school activities, please contact school administration.

**EMERGENCY EVACUATION DRILLS**

There will be a total of four bus evacuation drills held at each school within the school year. All students are expected to follow the driver's instructions and fully comply.

**BUS PRIVILEGE**

The privilege of riding a Boone County School bus is conditional upon the good behavior of the student. Any student who violates the established bus rules or expectations will be reported to school administration. Persistent inappropriate behavior could lead to a permanent revocation of bus riding privileges.
