Council members asked why the bill was outstanding and Ms. Payne explained that the order had been placed by the former athletic director using methods outside of the school's/district's redbook policies. The system was order without use of the purchase order system, therefore proper payment was not made by the school. As well the athletic department did not have the funds to make the purchase hence leaving the school to cover the outstanding bill. The committee approved payment of the bill by consensus.</p>
