Mr. Raleigh made a proposal for Allocations for the 2016-2017 school year:

- He suggested to “cash in” and buy an extra counselor (one year only position) depending upon allocations staying the same and Council’s desire. His rationale—freshmen need more intensive services than what they are receiving now.
- The three existing counselors now are handling ARCs, test duties, and seniors, respectively.
- Discussion followed.
 - Since this is a one year position, there are no transfer rights (only if this would be a full time position).
 - Basically, this would take one regular position and exchange it for a counselor.

Mrs. Cahill suggested that BCHS might consider providing ALICE training.

Regarding ARC Email to Teachers from Guidance Counselor Mrs. Jones:

- Mrs. Sutton has received complaints from teachers that they must remain the entire ARC meeting even if a regular/general education teacher is already there. Mr. Raleigh will check into this.
- Concern: If a teacher cannot locate someone to cover his/her class to attend an ARC, she/he should contact the evaluating principal to make arrangements. Sometimes substitutes can be utilized for this coverage.
