

Ockerman Elementary Site Based Policy 6.15

Ockerman Elementary School Service Learning Policy

Ockerman Elementary School encourages its teachers to use Service Learning as a powerful, effective teaching method for students of all ages. Service learning projects provide the opportunity for students to learn by doing, making the curriculum more relevant, and enables them to make a meaningful contribution to their community. Through fulfilling real needs within the community, students may become more civically minded, responsible, lifelong learners.

Ockerman Elementary School recognizes that as students work to meet the needs in their community, they also increase their self-concept, career awareness, and the ways in which they can use their gifts and talents to contribute to their community. Through the use of the PARC Model (preparation, action, reflection, and celebration) service learning projects work to enhance curriculum and meet standards in all subject areas.

Policy 6.15 of the Ockerman Elementary School Council's Policies was adopted on May 18, 2017 and signed by the following Council members:

Arden Farmer

Brittany Bramlage

Kate Lynch
