What would you do?

Reflect on the strategies that George used to survive the sinking of
Titanic.

Imagine if you were faced with a similar challenge. How would you
survive? What would be your action plan?

LITERACY CONNECTIONS

Debate!!

Should the Titanic and its artifacts remain or should they be raised and
preserved??

Click the link below and read about the difficult decisions about saving
what is left of the Titanic or allowing it to remain as is...

What would you do?

Point of View

The Sinking of Titanic, 1912 is told from George's point of view. Why do you feel the author decided for the main character to be a 10 year old boy? How would the story be different if it was told from another characters point of view? How do you suppose the Captain's version of the story would play out? How about Aunt Daisy?

Which character could you relate to more and why?
