School Permission Slip

For completion of immunization records

Kentucky has a statewide immunization registry (KYIR) that medical practices use to help keep track of their patient's immunizations. They use this system to record vaccines given to patients and to access information about their patients' immunization histories, including vaccines given at other medical offices. KYIR makes it easy to keep track of a patient's immunization status, even if the patient visits more than one medical practice. It also helps ensure doctors and nurses give the right vaccines at the right time, and allows them to remind their patients when vaccines are due or overdue.

The information in KYIR is CONFIDENTIAL-only authorized users may access the system. Authorized users include health departments, medical practices, schools, childcare facilities, WIC Programs, and health care plans.

Some records in KYIR may be incomplete or missing because an immunization was given in another state, or because the medical practice did not enter it into the system. Your child's school wishes to help improve our community's records by providing missing immunization information to KYIR, but requires your permission to do so, in accordance with the Family Educational Rights and Privacy Act (FERPA).

By signing below, you can make your child's immunization history more complete, helping to ensure appropriate and timely future immunization.

Please sign this form if you agree to grant permission for your child's school to provide your child's immunization history to KYIR. This may include creating a new record, or updating an existing record. Please use a separate form for each additional child.

Home Language Survey

Dear Parent/Guardian:

The purpose of the home language survey (HLS) is to determine the primary or home language of the student. This information is essential in order for schools to provide meaningful instruction for all students. The HLS is part of the statewide identification process required under Section 3113(b)(2) of the Every Student Succeeds Act (ESSA) and 703 KAR 5:070 and the related Inclusion of Special Populations Guidance.

The HLS must be given to all students in grades K-12 upon their initial enrollment in the district as a first screening process to identify potential English learner students. The HLS is administered one time, upon initial enrollment in grades K-12 and remains in the student's cumulative file.

Please note that the answers to the survey below are student-specific. **If a language other than English is recorded for ANY of the required survey questions below, the district is legally obligated to do further assessment of your child to determine if they are eligible for language support.**

Answers will not be used for determining legal status or for immigration purposes. If your child is identified for English language services, you may decline some or all of the services offered to your child.

If you have any questions on how to complete the HLS, please contact your child's school.

Language for School Communication (not required):

5. In which language would you prefer to receive all school information: _____

Parent/Guardian Signature: _____ Date: _____

By signing here, you certify that responses to the four required questions above are specific to your student. Students qualifying for language support services are entitled to services as an English learner and will be tested annually to determine their English language proficiency as required by ESSA 1111(b)(2)(G).
